Dedication

**MR.
DUNCAN
GRAHAM
B. SC.(FOR.)**

After some twenty years, Mr. Graham retires from Stanstead College to further pursue other of his many interests. His career with us began as a teacher of Chemistry, but for the past several years he has devoted his time and talents to the Geography Department. His keen involvement with world federalism perhaps prompted his unique approach to a global perspective in geography which he developed into a course of study. He was instrumental in bringing to the College a number of summer workshops and actively participated in his field with the National Association of Independent Schools. A native of Scotland he will continue to make his home in Stanstead. We wish him every good wish for the future.

WINTER TERM

Cross-Country Skiing

The Cross-Country Ski Programme this year was without a doubt an extremely successful season. We were, however, plagued by either extremely cold conditions or with wet, humid weather. But that did not stop our meets and we travelled to several local ones as well as to the Nakertok Relays in Ottawa. Several of our skiers went to the zones which are held every year in Sorel, Que.

Our Junior Team was exceptionally strong and won the Independent Schools Junior Division under the strong leadership of skiers like Scott Lothrop, Fred Victor, Marc Maheu and Eric Pothier. The Juniors also placed well in most of the other races as well as winning the E.T.I.A.C. championship at Alexander Galt.

The Senior Team also did well, placing second only to B.C.S. at the E.T.I.A.C. Championship. Under agile and strong skiing of Alan Clarke we also managed to place reasonably well in most meets.

If we weren't racing at a variety of meets, we were busy skiing our own trails as well as trails at Wilvaken and the Town. We managed to pick up a few medals in both Junior and Senior Divisions.

We owe the enjoyment and success of our season to the devoted leadership of Mr. Eveleigh and Mr. Duncan. Mr. Duncan unfortunately had a bad accident skiing and was laid up for the greater part of the season.

Richard Martin and Eric Pothier

Varsity Hockey

J.V. Hockey

This year we lost many players to the Varsity level, but we also gained a lot of talent and strength from the Bantam level. Our coach, Mr. Hamel, was in his second year at the J.V. level and taught us discipline and co-ordination both in and off the ice.

Our main players were Kevin Philip, Barry Moss, Yves Lacoste and Jamie Kyle. Norm Lapenna and Max Boisvert were superb, steady goaltenders throughout the year. On defence a man who really stood out all over the ice was Omar Rifai.

I would also like to put in a good word concerning Paul Sparkes. Paul is not greatly skilled, but his hustle and determination made him the most improved player on the team.

While we cannot claim an outstanding record the enjoyment we all had more than made up for any disappointments during our season.

Bantam A Hockey

Bantam B Hockey

Varsity Basketball

This year was the most successful season the Varsity Basketball team has had. We continued our undefeated streak in the ETIAC clinching the Banner and the Trophy once again. Our best game of the season was against the Ottawa All-Stars, which went into two exciting periods of overtime. We also captured our second straight M.V.R. Tournament championship and were runners-up in the Dawson Festival, Champlain Classic and Galt tournaments. We also participated in the Provincial Basketball Championship Tournament which was held in

Gaspe, Que., where we finished second to a well-balanced Laurier-MacDonald team from Montreal. They were the only team in the province to defeat us. Outside the province we defeated a team from Nova Scotia while losing to a top notch team from New Brunswick. We also defeated three High School teams from Vermont. Our final record was 35 - 7. Much thanks to Will Roscoe and Coach Denney for all their time and effort to making the season what it was.

J.V. Basketball

Squash helped us survive another long winter season, during which we all improved dramatically. I can say, however, that we were not a very competitive team compared with L.C.C. or B.C.S. One of the reasons for this was the lack of experience we had compared to our rivals. The awkward location of the school made transportation to some of the tournaments almost impossible.

Nevertheless, on the whole, this year's squash was a great success thanks to Mr. Walker who gave us a lively and enjoyable season.

M.T. Rasmussen

Squash

Stanstead College plans to accept female pupils

Now your daughter can attend Stanstead College

Reflecting contemporary needs, values and attitudes in education, Stanstead College will once again become a co-educational institution in September, 1979.

This 106 year old private school is open to qualified girls and boys in grades 7 through 12, regardless of family background, ethnic origin, religion, place of birth, language or nationality.

Stanstead College promotes the ideals of high intellectual attainment, self discipline, strength of character and physical well-being.

- Fully supervised, separate girls' and boys' residences on campus.
- Complete sports, physical education and social activities programmes.
- 620 acre campus in the beautiful Quebec countryside.
- Superb, modern, all-season recreational facilities.

Student applications for the 1979-80 school year are now being accepted!

For further information and an appointment with the Headmaster, write or telephone:

Stanstead College

Stanstead, Quebec J0B 3E0 (819) 876-2702
Jeremy M. Riley, Headmaster.

For the first time in 21 years, Stanstead College in the Eastern Townships will welcome female students next fall.

Headmaster Jeremy Riley said yesterday trustees of the 107-year-old, non-denominational private high school decided to admit girls because of declining enrolments throughout the school system.

"Looking down the line at population trends, it seemed like it's a good time to make this kind of move," Riley said.

SPRING TERM

DEBATING

The Debating Club got off to a slow start due to lack of members. Three debaters from Stanstead and one from Alexander Galt joined forces to attend the first tournament at Selwyn House. As the year continued we attracted more members. We then attended tournaments at Westmount High and William Hingston. In March four debaters went to the Provincial Debating Tournament held at St. Thomas High School. We did very well at this tournament; Richard Martin finished in the top eleven speakers. One of our teams finished 15th out of the forty-seven participating teams.

In March there was the formation of the Junior Debating Club. It attended its first tournament in April at Miss Edgar's and Miss Cramp's School in Montreal. Later in the season juniors participated in a Debating Round Robin at Alexander Galt.

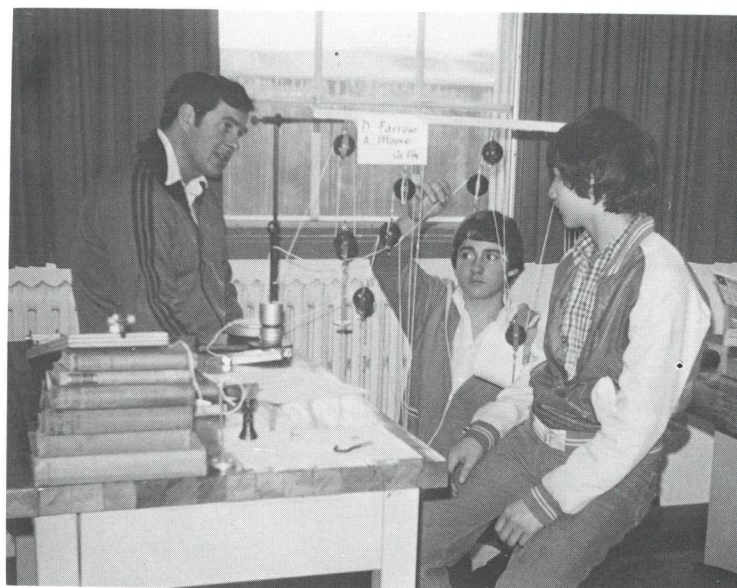

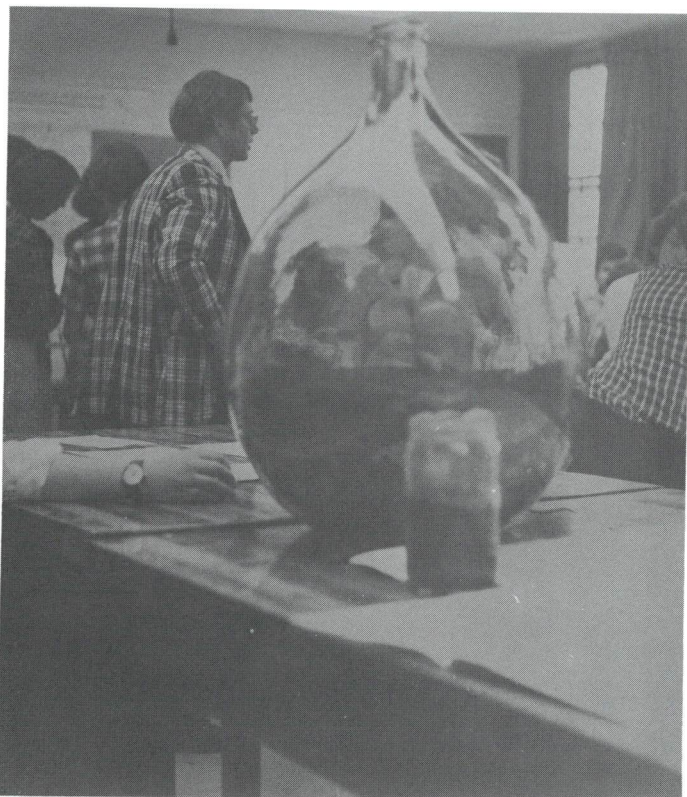

In April four seniors went to the Model United

Nations in Plymouth, New Hampshire, an annual event sponsored by Plymouth State College and Rotary International.

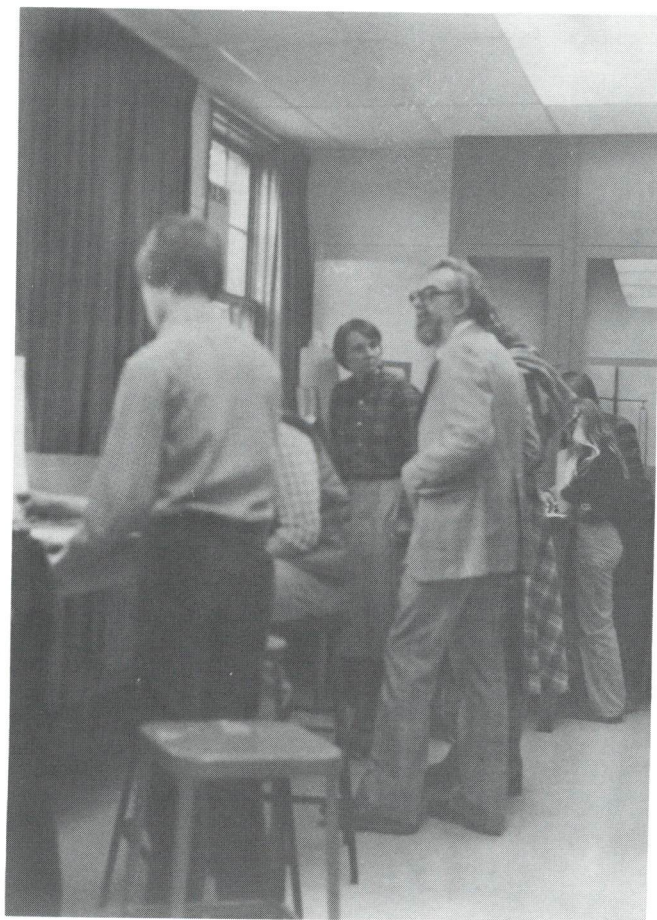

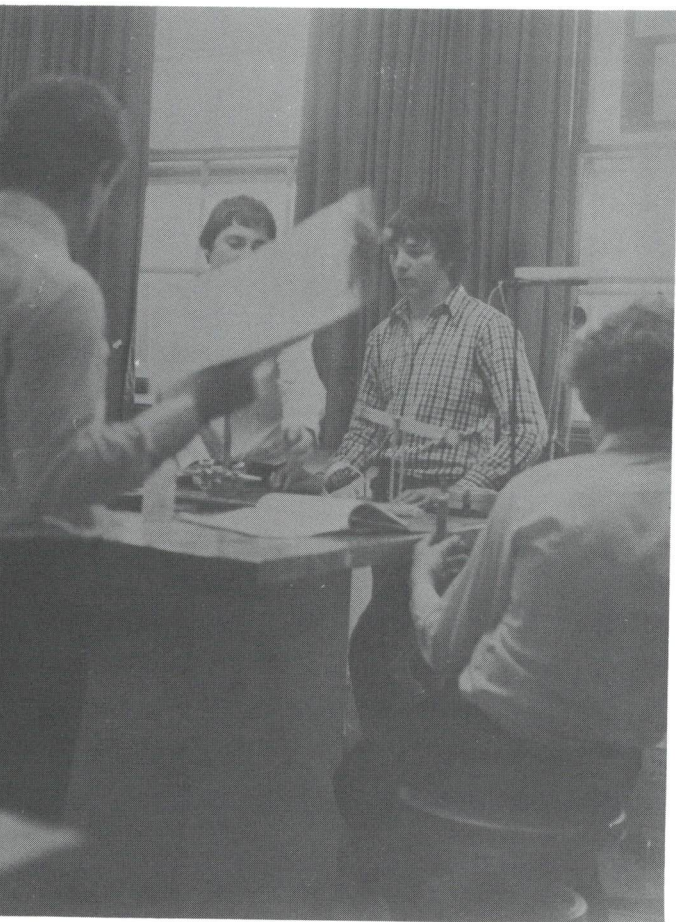

In May a combination of juniors and seniors went to Kemptville, Ontario. This was the first time in years that we saw a team of debaters from both levels go to a tournament together. The school did very well, finishing fourth out of fourteen schools.

As all good things must come to an end, so did the debating season. On behalf of the members of the Debating Club I wish to thank Mrs. Duncan and Mr. Grivell for their help and support. I wish next year's debaters the best of luck and hope they will have as much fun as we did.

TEAM CAPTAINS

LETTERMEN

PREFECTS

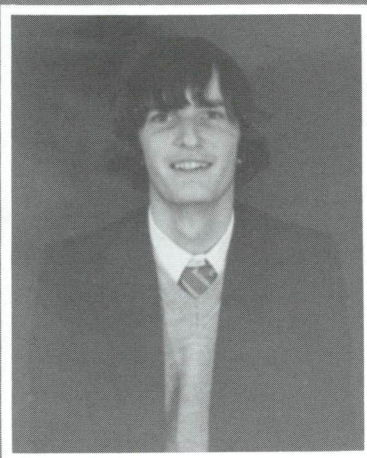

Graduates

Grade Twelve

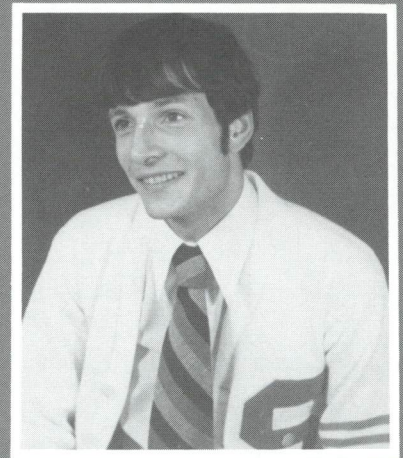

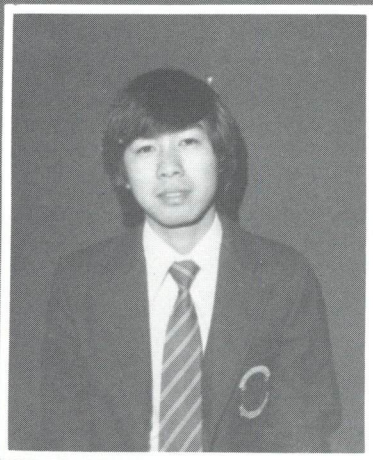

Ian BRUCE - During his year at Stanstead, he played varsity football, basketball, softball, and his guitar. His ambition rests in psychology, and rest there he will. Claims no relation to his brother.

Allen CHASTANET - a native of St. Lucia, he was head boy and a letterman, playing basketball, football and track. While he wants to be a maritime lawyer, his favorite expression is, "forget it," and so you can. He wore a cologne with a musky smell.

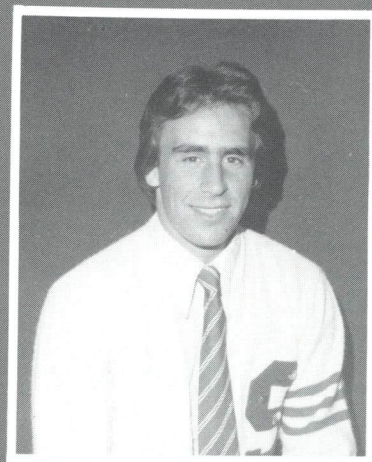

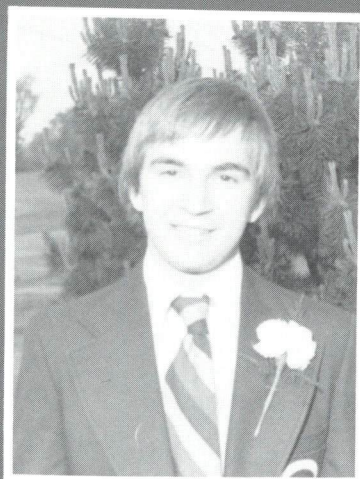

Peter BRUCE - an export from Port Cartier, Peter was active in varsity football, basketball, and softball. He was a prefect and letterman, renowned for his bionic rebounding. His future lies aboard a naval destroyer, or some such brig.

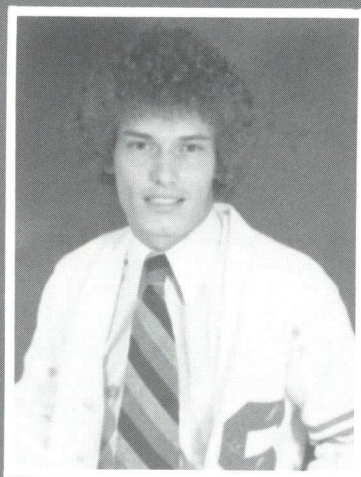

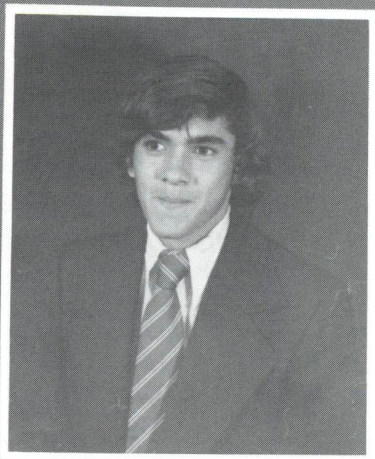

Antony CHOW - From China, Antony was characterized as being quiet and reserved. He wants to become an engineer but maybe he was just a spy. He secretly practised capitalism.

Alton DESLANDES - Six years at the College has rendered this native of Stanstead plenty educated. X-country skiing and drama were his activities, besides programming computers for their ultimate take over. Smiled like he had false teeth.

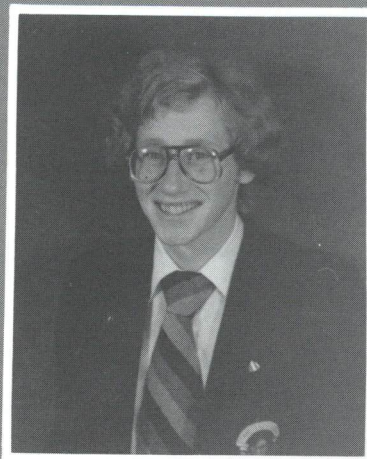

Steve DIZGUN - It was some four years ago that Steve appeared on the scene to join varsity football, basketball and track. And now he has gone. He refused to believe that he was going bald.

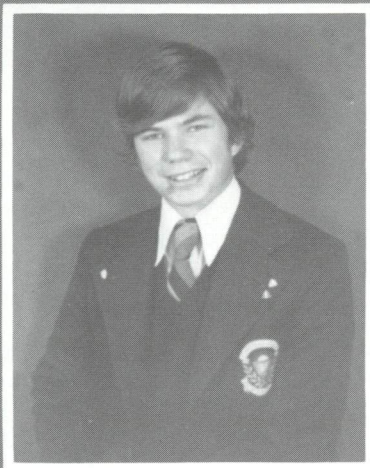

Jerome FORCIER - Important to Jerome are money, Quebec, and the Church in case he is wrong. He was active in football, softball and intramural basketball, and says that we must aim for the highest peak without falling. How he does it we can only guess.

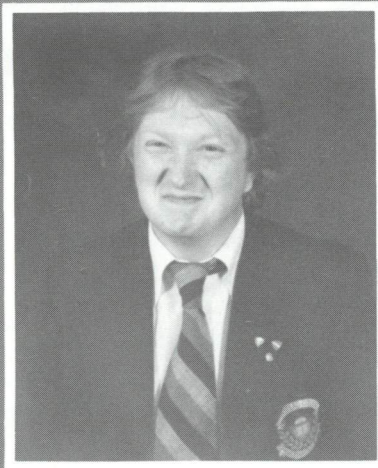

Gary HINDLEY - Active in football, hockey, and track. Gary was a prefect and letterman. He has expressed interest in the insurance business should he not qualify for the Olympics. Became distressed when he was told his hair was becoming darker.

Robert MacLAREN - Between meditation Robert was active in cross-country running, skiing, softball, and debating. From Jonquiere he attended Stanstead for three years to advocate conformity and peace. Rumour said he was a prefect.

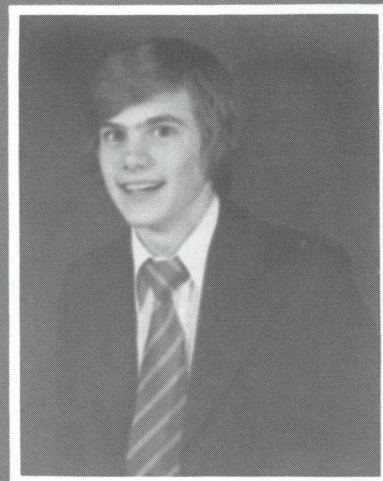

Richard MARTIN - This biologist hails from Newfoundland and views life as the sinking of the Titanic. Active in cross-country running, skiing, softball, and debating, he also became a prefect. Richard says, "C'est la vie." Has a voice that can halt a school of fish.

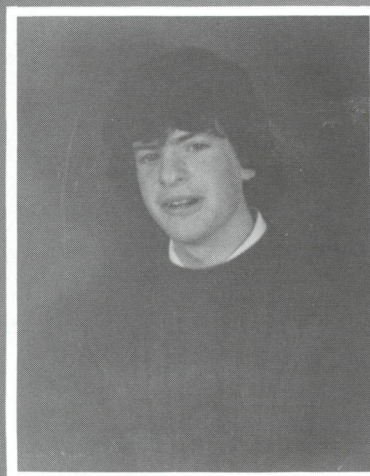

Robert MAYHEW - spent six years at Stanstead where he was involved with varsity football, hockey, and softball as well as singing in the choir. He was a prefect, but most of his favorite expressions are not fit for mixed company.

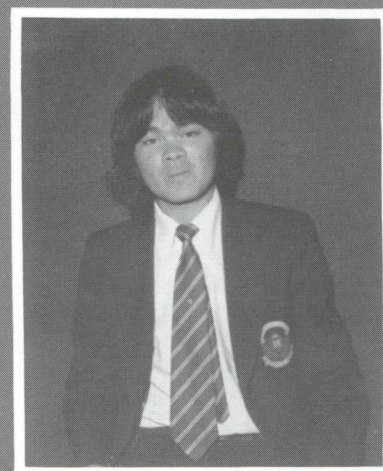

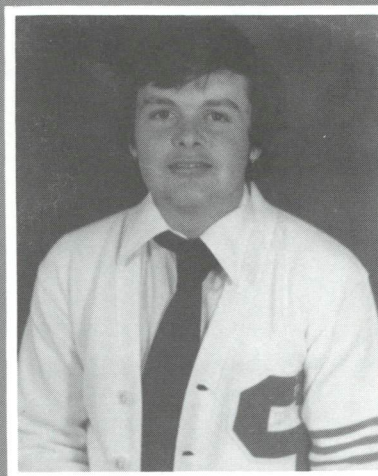

Ron MEZEY - of soccer, basketball, softball and drama notoriety, "Ernie" has chosen to become a doctor. Maybe this is because of his talent for making people's temperature rise. He was a letterman and an able student. Says he discovered the theory of relativity.

William ROSCOE - exiled to Stanstead from Halifax. Will was active in cross-country running, skiing, softball, and debating. Wants to become a lawyer unless something better turns up. When asked about his words of wisdom he was speechless.

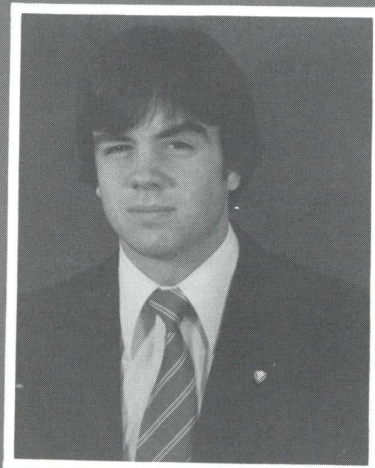

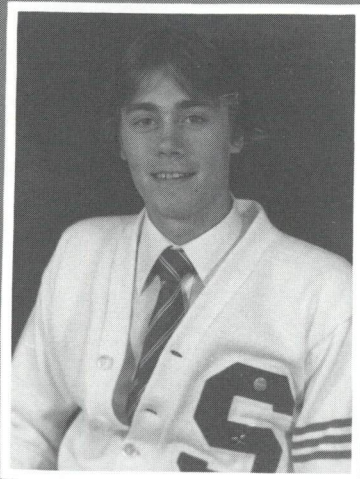

Peter RYAN - This Irishman was committed to basketball, soccer, softball, and golf. A broken Ankle, a prefectship, a major "S", and Boston franchises were dominant in Peter's life. Preaching the ethic of hardwork he completed successful year and hopes to continue in journalism.

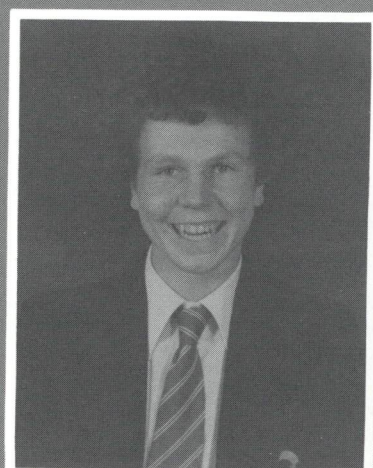

Eric SIDECO - He was seen participating in soccer, intramural basketball, and softball. Seems to feel omnipresent. Has interests in journalism and coal mining. Walks with a limp and is hunch-backed.

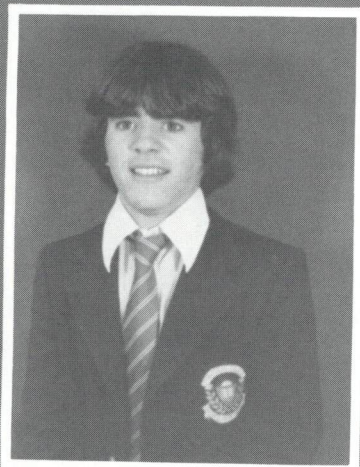

David SIMONS - Dominant in basketball, soccer, and track. David became a letterman after one year at Stanstead. He hopes to become a university graduate, or if he fails, headmaster. He laughs to be accepted.

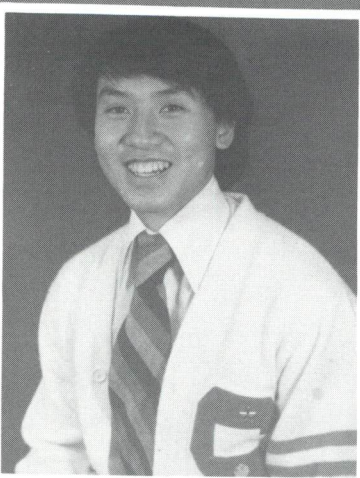

Matt TARLTON - Always have his best during his year stay at Stanstead. An avid sportsman, he ran cross-country, played hockey and golf. The type you'd never expect to see on welfare. He looks like a red-neck.

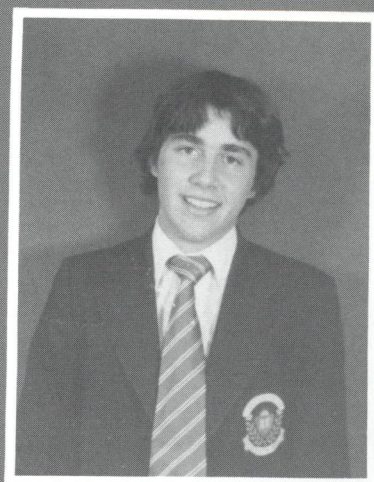

Myles TAYLOR - Claims to be from Uganda, but lives in Hong Kong. Was active in squash, X-country running, softball, debating and scuba diving. Though the truth sometimes seemed bitter, he persisted. Of no relation to Elizabeth.

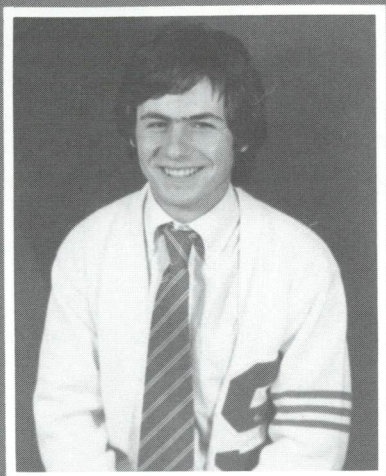

Richard TILDEN - Played football, squash, and softball; eventually became a letterman. Was unavailable for comment. Looked innocent, but wasn't really.

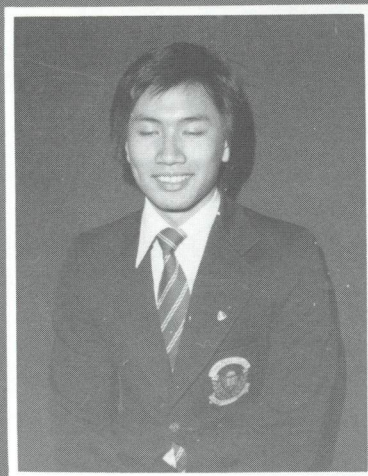

Nissim TSE - The poor little rich kid from Hong Kong who came to Stanstead for three years to become a prefect and letterman. He played soccer, intramural basketball, tennis, and karate. Frequented discotheques and places of indulgence.

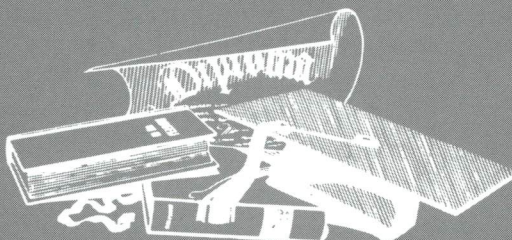

Marc VAILLANCOURT - Involved in football, hockey, and softball. Marc became a prefect and a letterman. He feigns interest in engineering, but longs to be a cowboy or policeman. Sucks his thumb when nobody's looking.

Peter WHITWORTH - A shady character who made nocturnal jaunts for dark transactions. He was also active in varsity football, intramural basketball, and softball. His ambitions lie in business. He says he saw Santa Claus.

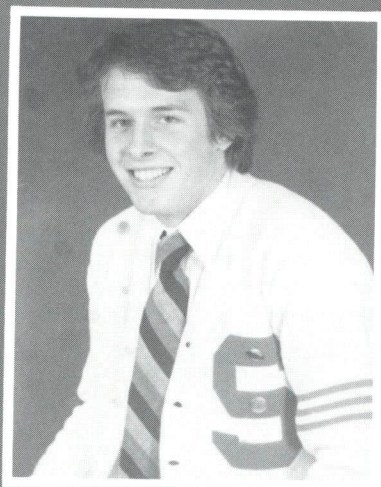

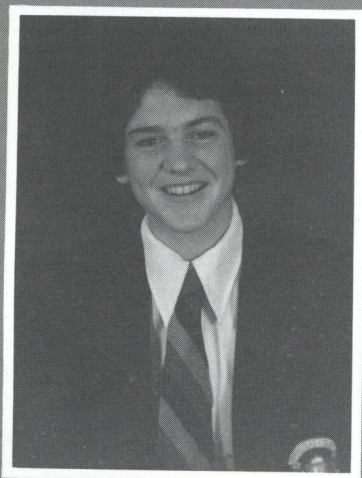

Warren WONG - Live from Hong Kong he played soccer and intramural basketball. While business is his ambition he claims to have no wisdom. It must be "deep."
